IT'S TIME FOR STUDENTS TO REGISTER

The NCAA Eligibility Center recently redesigned its registration website www.eligibilitycenter.org, and developed two different accounts for its new website to help college-bound student-athletes make the best decision about their college choices.

- **Profile Page:** If a student-athlete is currently unsure which division he or she wants to compete in or plans to compete at a Division III school, they should create a Profile Page. Creating a profile page is free and easy. Students should expect 15 to 30 minutes to complete a Profile Page. If at any time the student wishes to play at the Division I or II level, he or she can transition to a Certification Account and pay the registration fee to begin your certification process.
- **Certification Account:** A student-athlete must be certified by the NCAA Eligibility Center to compete at an NCAA Division I or II school. A student also must be registered with a Certification Account before he or she can make official visits to a school or sign a National Letter of Intent in Division I or II. Registration for a certification account typically takes approximately 30 to 45 minutes.

Please encourage your student-athletes that want to play college sports to complete their NCAA registration at www.eligibilitycenter.org.

UPDATED INFORMATIONAL MATERIALS

Thank you for all you do to enlighten and educate student-athletes and parents about the NCAA academic standards. Our outreach and education efforts are ongoing and we have some updated materials to share with you. The following resources are designed to help you and your colleagues as you provide information to students and families, and assist them with the initial-eligibility, registration and certification process. Please refer to our redesigned registration website, eligibilitycenter.org, or our educational site, ncaa.org/playcollegesports for even more information.

Our updated and traditional resources for the 2017-18 school year can be found on our [Educational Resources page](#) and include:
